I understand that the Leisure Facilities are used at our own risk and that children up to 18 years must be supervised at all times. Soar Mill Cove Hotel accepts no responsibility for your use of the leisure facilities as listed above.

The Pool and Leisure facilities are open from 8am to 9pm

#### It is understood that:

- For reasons of safety, breakable items such as glass and crockery are not allowed in the pool area.
- Diving, horseplay, jumping and use of inflatables or other flotation devices other than armbands or baby floats are not permitted in the pool.
- Correct attire must be worn with swim nappies worn by babies.
- Shoes must not be worn in the pool area and outdoor footwear must be worn in the gym.

- I must not run in the pool area.

Surfaces may be slippery when wet and this of course means that care must be taken when entering the pool steps and walking in the pool itself.

- The pool is chlorinated with salt therefore while it is less likely to cause skin irritation than a heavily chlorinated pool it still contains an amount of chlorine. One should also understand that having a lower chlorine level means that it will react slower to any infection brought in to the pool and therefore guests with open sores, skin irritations or upset stomachs or contagious illnesses must not on any account use the pool.
- When playing ball games such as tennis guests must be aware of the harm and damage they may cause to themselves and other guests, visitors & cars to the property and neighbouring land.

*If you require assistance or have concerns regarding any of the hotels facilities then please advise us prior to use and the staff will be only too happy to help and advise as appropriate.*
